

2013

**COURTROOM  
MUSEUM**

Phase F

**MESSAGES FROM OUR CHILDREN**

**Jan. 2013**

**ONLY the FIRST 100 children who apply to their JPOs (limited amount of supplies...t-shirts, clothes paint, paint brushes, etc...provided by Judge Ehrlich) may participate!!!**

Paint your feelings through words and pictures (without curse words or vulgarity) on the front and/or back of the t-shirt.

Eg...sadness, fear, hope, anti-hate, love, anti-bullying, anti-drugs, peace, confusion, dreams, a better world, etc.

Sign and date your artistic work.

You will receive 20 community service hours **and** your creation will be hung on the courtroom 4840 clothesline "museum" display.

Who knows? Perhaps, a budding artist will be get his/her career start.

**COURTROOM 4840 "CLOTHESLINE" MUSEUM**

JPO instructions:

JPOs must ask the interested children their favorite 5 colors to "fabric paint" with. We will try to accommodate them with 3 of their favorite colors.

JPOs may pick up t-shirts (multiple colors, mostly white) and fabric paints from courtroom 4840 in-court liaison Albert McKenzie, providing him with the names of the children that the supplies are going to (supplies are limited).

All "art" for the "clothesline museum" must be returned to courtroom 4840 by March 1, 2013

CREATIVE COMMUNITY SERVICE HOURS (April, 2013)

**CHANGING THE WORLD ONE GRAIN OF SAND AT A TIME:**

It's amazing the stuff that some people will leave behind on our beaches, some of it dangerous (used needles, human waste products..)

**Earn 20 community service hours for ridding our beaches of some of this unrecyclable junk (Please, use plastic gloves, buckets, grabbers, etc. to collect items.) AND turn this trash into creative art which will then be displayed in the Courtroom 4840 "museum".**

Make the sand and seas a safer place for us and the animals that call it home.

**Did you know** that "cigarette butts are made from 94 percent plastic fibers and are not biodegradable". "Animals take them with all their carcinogens and use them to build their nests, and then we find a lot of them in the stomachs of turtles and other animals." (Sun Sentinel, 12/28/12)

**COLLECT:** PLASTIC bags, bottles containers; PAPER books, bags, newspapers, catalogs, magazines; ELECTRONICS- old CDs, DVDs, video games, ink cartridges, for example.

**STAY AWAY FROM HAZARDOUS MATERIALS AND BIOLOGICALS!!!**
